UNDER SECRETARY TO GOVERNMENT 7-MAR 1941 DEVELOPMENT DEPARTMENT

To
The Secretary to Government,
Development Department,
Fort St.George, Madras.

Subject: Government Industrial School, Bellary - Gatehouse converted into a rest shed.

Reference: G.O.No.673, Public Works Department dated 29th March 1939.

In the G.O. quoted above, Government approved the proposal to convert the gate house at the Government Industrial School, Bellary into a rest shed, and to the provision of furniture at a cost of Rs.75.

2. When the proposal was submitted to Government it was expected that the rest shed would be treated as part of the Government Industrial School, but its inclusion in Annexure "A" to G.O.No.1820 Wks, dated 20th November 1926 has brought it under the control of the Public Works Department. In a letter dated 17th February 1940 the Executive Engineer, Bellary informed the Superintendent of the school that in accordance with G.O.No.4270 Home Department dated 8th August 1939 the furniture should be ordered from the Jail Department and the matter is still unsettled. Moreover, as the school staff have to look after the rest shed and the school menials have to clean it, I suggest that the rents collected should be credited to the School and not to the Public Works Department. I request that Government will be pleased to order that the shed shall be regarded as part of the school, and

6. Subject to preferential rights of the officers of the Department of Industries and Commerce, officers of other departments may occupy the Rest Shed without limit of time to the exclusion of members of the public. A member of the public may be required to vacate after 24 hours stay in favour of another member of the public or after six hours' occupation in favour of any officer of Government. An officer of Government may be required to vacate in favour of another officer after 24 hours notice.

7. A book shall be kept at the Rest Shed in which all persons stopping there shall be required to enter their names, time of arrival and departure, and the fees due and paid.

8. All persons occupying the Rest Shed shall be responsible for any damage they or their servants or their followers may cause to the building, or furniture.

9. All officers and members of the general public occupying the Rest Shed are required to pay without fail the rent due before they vacate the Rest Shed. Any case of failure on their part in this respect will be brought to the notice of the Inspector of Industrial Schools and if necessary to that of the Director of Industries and Commerce.

10. A copy of the rules shall be hung up in the Bungalow.

Read the following:

Letter No. 678 SE/G.142 dated 3-5-1941 from Rao Saheb S.J. Balraj, B.A., B.E., Executive Engineer, Bellary Division, Bellary.

Ref: No. 997-Ac/41-1 dated 31-3-1941.

- - -

The Rest shed in the compound of the Industrial School, Bellary was originally the Gate House. The whole of the Industrial School building is in charge of the P.W.D. borne in the register of buildings of the P.W.D. The repairs to the buildings are being carried out by the Public Works Departments.

As such the receipts from the Rest shed will have to be credited to Civil Works

In G.O.No.Ms. 673 dated 20-3-1939 sanction was accorded to convert the Gate House into a Rest shed and to provide furniture at an estimated cost of Rs. 75/-.

It was also ordered in the above G.O. that the rent from the rest shed should be collected and remitted into the treasury to the credit of the Public Works Department.

There is no objection however for the Industrial Department to manufacture the furniture required for the rest shed in the Industrial School itself, as a special case, as this may be cheaper than getting it from the Jails and paying Railway freight.

Draft rules for the occupation of the Rest shed at the Government Industrial School, Bellary may be as given below:--

1. "The rest shed is in charge of the Executive Engineer, Bellary Division, but its use is subject to the control of the Inspector of Industrial Schools, Madras.

2. Officers of the Department of Industries and Commerce have a preferential right to the use of the rest shed. Officers of other Departments and members of the General public may occupy the shed on the understanding that they should vacate it at once if required by an officer of the Department of Industries and Commerce. Members of the General Public and Non-Gazetted officers of the Government should obtain special permission for occupation from the Inspector of Industrial Schools, Madras. Officers of other Government Departments may in case of emergency apply to the Superintendent, Government Industrial School, Bellary to use the Rest shed.

Such permission will be given by the Superintendent, Government Industrial School, Bellary at his discretion, in anticipation of the sanction of the Inspector of Industrial Schools, Madras.

p.t.o.

Co

3. The Rest shed is furnished with benches, tables and chairs etc., but not with crockery, cutlery or kitchen equipment. There is a small kitchen attached for the use of the officers who bring their own camp equipment.

4. All persons occupying the Rest shed will be charged fees at the following rates.

Fee payable for a single day of 12 hours to 24 hours. A single person or a single person accompanied by a member of his family.	0 6 0

Half days fees will be charged for occupation over 3 hours upto 12 hours and a charge of 2 annas for less than 3 hours halt.

N.B:- Lamps or other forms of light will have to be provided by the occupants.

5. The Director of Industries and Commerce is authorised to charge higher rates whether temporarily or permanently, for special reasons after consulting the Superintending Engineer Bezwada circle.

6. Subject to the preferential rights of the officers of the Department of Industries and Commerce, Gazetted officers of other Departments of Government may occupy the Rest shed without limit of time to the exclusion of non-Gazetted officers of other Departments of Government and members of the General Public and non-Gazetted officers of other departments have a similar previlege as against members of the General Public. A member of the General public may be required to vacate after 24 hours of occupation in favour of another such member and after six hours occupation in favour of any Government officers. A Gazetted officer of Government may be required to vacate after 24 hours notice in favour of another Gazetted officer of Government on tour in his official capacity.

7. A book shall be kept at the shed in which all persons stopping there shall be required to enter their names, time of arrival and departure and the fees due and paid. They should also note the words "with family" in case a member of family accompanies.

8. All persons occupying the Rest shed shall be responsible for any damage they or their servants or followers may cause to the buildings or fittings or furniture.

9. All officers and members of the general Public occupying the shed are required to pay without fail the rent due before they vacate the bungalow. Any case of failure on their part in this respect will be brought to the notice of the Executive Engineer and if necessary to the Inspector of Industrial Schools, Madras.

10. A copy of the rules is to be hung in each shed.

The above rules are drafted so as to be in conformity with the rules of occupation of Inspection bungalows.

Copy submitted to Chief Engineer, P.W.D. (Buildings and Roads), Madras with reference to his Nos. 997-Ac/41-1 dated 31-3-1941 and 997-Ac/41-3 dated 16-5-1941.

In G.O. no 673 P.W.D dt 20.3.39, the Govt. approved the proposal to convert the gaol house at the Govt. Indl. School, Bellary into a rest shed and sanctioned for the furniture at a cost of Rs 75/-. The rest shed has been included in Annexure "A" to G.O. no 1820-W dt 29.11.26. p21-22 (S) para-1. p14-15 (R)

The Executive Engineer Bellary has stated that in view of such inclusion, the furniture for the rest shed has been ~~erected~~, in accordance with G.O. no 4270 Home dt 8.8.39, to be allowed from the Fund dept. The D I C contends however that the shed should be regarded as part of the School, & that the furniture should be provided from the School Workshop & debited to the School accounts, the funds in the P.W.D budget being transferred to the dept. of the School for disbursement & that receipts in the form of rent should be paid to the credit of the school account. The E.E.'s draft of rules for occupation of this Rest shed – Vide 'A' on pp 9-10 c/s – which the CE considers suitable, would retain the rest shed in the charge of the E.E Bellary, but subject to the control of the Inspector of Industrial Schools Madras. This is in contravention of the Director's draft rule 1 on p 3 c/s. The other rules proposed by the E.E. at 'A' on pp 9-10 c/s do not call for remarks. The file is sent to this dept. with reference to the proposal at N on p 9 c/f, viz. that the Govt. Industrial School, Bellary, may be permitted as a special case to manufacture the furniture required for the rest shed situated in the compound of the school, as this may be cheaper than getting it from the jails and paying railway freight. The P.W.D. have accepted the proposal.

2/. According to the instructions issued (W) in G.O. no. 3828 Law (Jail), d 3.10.29, standardised articles of furniture should in no case be purchased by consuming depts. from outside the Jail dept. As regards articles of furniture not standardised, if the price quoted by the jail plus freight does not exceed the market rate at the place where the article is required by 5%, then the jail should be given the contract. Otherwise, the depts. are at liberty to purchase their articles outside the Jail dept

3/. The Central Jail, Bellary and the Junior Certified School, Bellary, undertake the supply of articles of standardised furniture required in the Bellary dt. The Industrial School also is situated in Bellary. It may

not

not be necessary for the therefore Province any railway freight for the transport of furniture from the Central Jail or the Junior Certified School. The rest house should be provided with furniture at an estimated cost of Rs. 75/- As the manufacture of furniture up to this limit may not affect the carpentry industry in the Central Jail or the Junior Certified School to a considerable extent, it is for orders whether the Govt. Industrial School may, as a special case, be permitted to undertake it. It does not appear necessary to consult the I.G. of Prisons.

The file may be passed on to Finance.

How can there be any railway freight when the C.J. the C.S. & the Industrial School are all situated in Bellary? [illegible] 21 of (5)

OTD

Re 30/8/41 M 2-9-41

The question is one of principle. There can be no question of any railway freight to pay. The savings will only be over transport charges from the jail or certified school to the Industrial school premises ie cooly charges or bandy charges. We have allowed a departure from the rule when furniture is very urgently needed, but there is and the jails cannot supply it in time there is

no indication of this here.
Home may therefore suggest that
there is no case here for allowing
the furniture to be got from
outside the jail department

5/7

As there is apparently no urgency on basis of
Jail or C. School staffs. I agree.

Three points have been raised for consideration in this file about the gate house in the Government Industrial School, Bellary, which was converted into a rest shed with reference to G.O.. 673/Ps/D. dated 20-3-1939.:-

(1) whether the rent realised for the rest shed should be credited as receipts of the Industries Department or of the P.W. Department.

(2) whether the furniture for the rest shed, estimated to cost Rs 75, should be supplied by the Industrial School, Bellary, or by the Jail Department at the same place.

(3) approval of the draft rules for the use of the shed.

2. Item (1).- The D.I & C. considers that the rent should be credited to the Industries Dept.,

as the shed is looked after by the school staff and is cleaned by the school menials. The Executive Engineer, Bellary Division, however, considers that as the shed is part of the Industrial School buildings which are borne on the registers of the P.W.D., the rent realised for the shed should be credited to the Public Works Department as already ordered in G.O. 673 W. dated 20-3-39. The P.W. and the Development departments agree with the Ex. Engr. This department may also agree that the rent should be credited to XXXIX-Civil Works.

Item (2).- The D.I & C. proposes that the furniture required for the shed may be made and supplied by the school workshop, necessary adjustment of cost being made as in the case of furniture supplied to the class rooms in the school. The Ex. Engr. Bellary Division has no objection to this course on the assumption that it would ~~yield~~ be cheaper than getting it from the Jail Dept. ~~The~~ P.W. and Development agree that an exemption may be granted from the general rule that makes it obligatory on the part of all ~~concerning~~ consuming departments to obtain the required furniture from the Jail department. The Home Department do not, however, agree with this view as they consider that no case has been made out for a departure from the general rule. Submitted that this department may agree with Home provided the ~~purchases~~ proposed purchase from the jail Dept satisfies the condition referred to at K on page 5 ante.
